

Last Wednesday *ninety-two* Ladies assembled at the Rev. Dr. Stiles's for spinning, reeling, &c. Above sixty Wheels were employed all Day, and some Part of the Day seventy Wheels were going at once. It was determined that the Emulation should be, to spin good Yarn, rather than which should spin the greatest Quantity. However, many spun three and four 14 knotted Skeins apiece. The Gentlemen of the Congregation sent in Provision for their Entertainment. And in the Evening the Yarn was presented to the Doctor's Lady.
